A Great Performance Deserves a Great Stage

THE SHOW IS HOME

FRANKE

Inspiring from the very beginning

At Franke, we have been looking for new solutions and innovations for over 100 years and our attitude has still not changed. In 1911 we combined traditional craftsmanship, precision engineering and a constant pursuit of innovation, three principles that remain at our core.

A story forged in Swiss precision

Our story began at the beginning of the last century as a small sheet-metal business in Rorschach, Switzerland, established by Hermann Franke.

Since then, we opened up to the world and inaugurated manufacturing facilities all around the globe that led us to become leaders in the kitchen sinks segment, and home solutions altogether.

Inspirations

There is no place like home, which is just as unique as we are. Each one with different tastes, preferences and needs. To help you get inspired and create the kitchen environment of your dreams, and to enjoy it every day, we developed three different **families** of products.

Mythos

A passion for the best

Our premium range. Technology meets design, while even the smallest details are carefully sought-after. This **family** sets its goal to the highest levels, combining the very essence of functionality with that of beauty.

Maris

Family in the kitchen

A **family** inspired by families. Cosy and functional, for savouring the heartwarming experience of a **family** get-together. Maris' philosophy is simple: welcome anyone, anytime with the pride and joy of a homemade dinner.

Smart

Straight to what matters

Essential in its perfection, to jump to what matters the most: bringing joy to your kitchen. A **family** created to fulfill any need and preference.

Your kitchen, your way, but however you bring joy home, **you can count on us.**

BOLD AND COURAGEOUS

Pantone 18-1750 or Viva Magenta is empowering, intense and evokes feelings of passion. Magenta is a free spirit, and this non-conforming magenta is the essence of originality.

“Pantone observed a heightened appreciation and awareness of nature represented by countless lifestyle trends. We’re incorporating more living things into our homes, such as plants, florals, living walls, and restorative outdoor spaces. We’re finding newfound enjoyment in travel, sports, and outdoor recreation after pausing these activities during the pandemic. We’re more careful to protect our bodies as a result of the public health crises — we look to apply and ingest trusted, life-giving ingredients. All of these lifestyle trends speak to the heartiness of natural forces.”

Colour of the Year 2023

PANTONE
18-1750
Viva Magenta

Viva Magenta is surprisingly versatile. It oozes passionate rebellion and embraces optimism. It goes well with numerous colours in the spectrum whether you prefer toned down, earthy shades of Wild Wonder, the Dulux colour of the year 2023 or go all-out with a combination of bold and bright hues.

Dulux’s Wild Wonder colour of the year is a gentle, warm gold with hints of green. Inspired by the natural world, it has a positive, glowing tone. A perfect backdrop when planning a new kitchen scheme. Match with our Matt Black ranges of sinks and taps or dare you add some of the metallic components in the form of our Mythos Masterpiece collection?

“ We believe that sustainability means fairness to future generations ”

Shaping our future

Preserving the environment, shaping the future.

As a company conscious of our responsibilities, we think and act today in the interests of the world of tomorrow. We work hand in hand with our partners, customers and suppliers to create a future where people can not only live but also thrive.

“We believe that sustainability means fairness to future generations” – this quote from Michael Pieper, owner of the Franke Group encapsulates our company ideals. We reconcile economics and ecology and make a proactive contribution towards sustainable development – with long-lasting products, recyclable materials and smart technologies. We use the global sustainable development goals and the United Nations Global Compact (UNGC) as a guide and framework on the path to a climate-neutral future.

Putting people at the heart of our sustainability

The foundation of our new sustainability strategy rests on the three pillars of the environment, employees and the company. When it comes to environment, we focus on the production and lifecycles of our products.

This exceptional quality enables customers to use our products for more than two decades – conserving resources in the process.

As the market leader, creating reliable and innovative solutions with real added value is both a challenge and a source of motivation.

We also feel an immense responsibility towards our employees, of which there are approximately 8700 around the world. Words like appreciation and trust aren't just empty phrases to us, they're deeply embedded in our company's DNA.

We help people to stay healthy and to make their professional aspirations a reality. Franke is synonymous with diversity, equal opportunities, cohesion and a company culture where people want to give their best and contribute their own ideas.

Good for everyone!

Good for our partners and customers.

Good for the planet. Good work.

We believe that sustainability means planning ahead.

We see environmental action as an opportunity and this attitude is also reflected in Franke's products.

Less plastic and less waste

Plastic bottles have a particularly stark effect on the environment – around the world, over 1500 bottles end up in the sea every second, with our Vital filter tap, the capsule filter combines activated carbon and a high-tech membrane to reliably remove bacteria, viruses, microplastic, rust, medication residues and hormones. Customers are therefore guaranteed clean drinking water which is equally good for their health and the environment.

Saving water has never been so easy

Another star in Franke's range of products is the Atlas Neo Sensor. This innovative technology allows you to switch the water flow off and back on again even when your hands are covered with soap – in a completely touch-free system. This saves around three litres of water every time you wash your hands and keeps the tap spotless. The sensor will switch off automatically after 30 seconds.

Clean air for maximum energy efficiency

Our hob extractors offer maximum energy efficiency. For example, the extremely powerful Mythos 2gether is classed in the best possible energy efficiency rating A+++ thanks to its innovative and brushless motor.

Mix Metallics with Mythos Masterpiece

Your latest work of art.

Bring an elegant, artful look to your kitchen and home with the on-trend metallic colours of our latest Mythos Masterpiece family. Discover F-Inox, an exclusive Franke coating that groups water molecules and allows you to dry your bowl without ring stains. Water repellent and scratch-resistant, this futuristic coating also fears no boiling water. A real and long-lasting beauty formula that you can appreciate from all our Mythos Masterpiece bowls.

Showing off your creative side doesn't have to stop at the bowl as the Mythos Masterpiece collection also includes our Atlas Neo and Eos Neo taps plus the Atlas soap dispenser in the same trio of metallic finishes. Match components in the same shade for a perfectly aligned look. Or mix things up to create a combination that's uniquely yours. You can also take your pick from our range of matching components, with waste kits, push knobs, overflows, air switches and food waste disposer flanges available in the same metallic shades - available at Central Services on 01782 599258 or www.franke.com.

Push Knob Overflow Waste Kit Rollamat Strainer Bowl

Exclusive to the Mythos Masterpiece bowls

Giving the BXM bowl a thoroughly modern makeover, the Mythos Masterpiece collection adds three contemporary colour choices; beautifully blending exceptional aesthetics with uncompromising quality and allowing consumers the freedom to create a look like no other. On top of the durable Stainless Steel body's in on-trend metallic colours, we have a layer of our innovative F-Inox Technology. This unique coating not only helps to prevent fingerprints and marks, but also makes the bowl easier to clean. For further protection, every bowl is also supplied with a coordinating wire grid. Perfectly matching your chosen finish to stop pots and pans scratching the bottom of the bowl, preserving its looks longterm.

Mythos Bowls

Precision is more than a detail

Mythos bowls integrate themselves perfectly in all environments to satisfy different spaces and style needs. This bowl knows how to unite refined elegance and high functionality so much so it won the IF Design Award 2020.

The variation in its radius enhances its minimalistic characteristics; the extremely fine rim naturally highlights its surfaces; the detailed precision in details is easy on the eye, yet satisfies the desire for practicality and efficiency.

Superior quality certified by Franke's centennial tradition

For the full range of undermount and flushmount models please visit franke.com

Extremely fine rim

The exclusive 6mm border creates a seamless surface.

Different Radii

The upper radius is 25mm, while the bottom of the bowl radius is 10mm: unique features that give its form both beauty and optimal functionality for cleaning the sink.

Waste covers

The flush brushed steel cover integrates itself within the Mythos sink, elegantly hiding waste to ensure maximum formal cleanliness.

Maris MRG 110-52 in Matt Black with the Active L Spout Dual Spray Pull Out Tap in Matt Black

A perfectly finished bowl

The Maris Fragranite Undermount Bowl is so spectacularly big that can easily fit baking trays, pots and pans to be washed with maximum ease.

Maris MRG 160 34-15 in Oyster with Atlas Neo Swivel Matt Black Tap

Fragranite Maris and Urban finish options:

Elegant Urban sinks

The impressive Urban Fragranite sink, which can be inset or flushmounted, is available in an equally impressive choice of colours. Ice cool Polar White or sophisticated Oyster? Oynx, Stone Grey or delicious Coffee? Or maybe Matt Black is more to your taste?

Urban 651 in Matt Black with 3-in-1 Vital Filter Semi-Pro Tap

For an altogether more co-ordinated look, the Urban Fragranite in Matt Black automatically comes supplied with a matching Matt Black Colourline Waste Kit. Matt Black waste kits are available for the Maris Undermount range to purchase from Central Services.

Fragranite is one of the toughest materials available. A mixture of 80% quartz sand and 20% hard acrylic resin, it's resistant to stains, scratches, impacts and thermal shocks. The Sanitized® antimicrobial coating reduces bacterial and microbial growth by 99%.

Smooth Ceramic

A sturdy, reliable classical choice

For the full range of Ceramic sinks, please visit franke.com

A durable choice that's stood the test of time, ceramic sinks stand up to staining, impact and heat. With a surface that's resistant to most household chemicals, smooth ceramic sinks sit perfectly with wood or granite worktops.

Arcana AHK 611 Ceramic sink with Eiger Chrome tap

For a touch of classic style, try the timeless Arcana or one of our classic Belfast sinks. Or for something more modern take a look at the Kubus KBK undermount, in a choice of Gloss White, Matt Pearl Grey or Graphite finishes.

Supporting less landfill

Creating a more sustainable future

Adding a waste disposal unit (WDU) to your kitchen is a great way to tackle food waste that would otherwise end up in the rubbish bin.

A neater way to deal with food waste

Conveniently tucked away under your sink, WDUs are a neat idea, in more ways than one. If you're worried about how much cupboard space one will take up, it's worth knowing that our Turbo Elite Slimline model is only about the size of a large bottle of bleach.

MARIS **Turbo Elite TE-75S**
£398

With five different sized WDUs available, there's one for every size of household. Prices start from £329

Why choose a WDU?

Easy kitchen cleaning

Preparing food and cleaning up after meals is a lot easier with a food waste disposer. Food scraps go straight in the sink, instead of the rubbish bin.

Easy to operate

Just turn on the cold tap, switch on the WDU, then drop the food scraps down the drain. It's that easy. The WDU liquifies and flushes the food waste into the sewage or septic system. It's safe too, with no blades or knives waste disposal units are among the safest appliances available.

Keep the kitchen hygienic

A kitchen should be an inviting place. But wet messy food waste left in the rubbish bin can attract pests and create unpleasant odours. By using a WDU, you can keep your kitchen hygienically clean.

Recycling sorted

Helping to make recycling even easier, our kitchen waste sorter bins are a neat addition to help you separate out cans, plastic, glass, paper and other precious resources so they can be used again.

Easy to install, the attached lids help to prevent odours and some models include filters to further tackle unpleasant smells.

MARIS **Sorter 300-45 Duo**
From £359

Instant Boiling Water Taps

Cook vegetables, create pasta dishes, sterilise babies bottles and make tea or coffee quicker than ever before with 100°C boiling water available instantly.

Please check your domestic water pressure in relation to the tap operating pressure before purchase.

Each filter lasts around 6 - 9 months and replacing the filter is as easy as changing a lightbulb.

See Instant Boiling Water Taps on YouTube - [youtube.com/ukfranke](https://www.youtube.com/ukfranke)

Minerva 4-in-1 Electronic – all you could want from a tap

The tap that does it all! The **Minerva 4-in-1 Electronic** delivers 100°C boiling, warm, cold or filtered water in an instant.

Filter Taps

Small filter, bigger benefit.

Our Vital system's filter is not only the smallest in the world, but it's also the first to effectively combine activated carbon with Franke's patented membrane.

See Filtered Water Taps on YouTube - youtube.com/ukfranke

For more information on the Vital Capsule System scan here.

From £1027

MYTHOS Vital 3-in-1 Filter J_Spout Swivel
From £685

MYTHOS Vital Single Dispense
From £479

■ Pre-filter

The first line of defence, the pre-filter captures larger particles, eliminating coarse contamination such as rust.

■ Membrane*

The high-tech membrane is so ultra-fine that it retains microplastics and removes harmful germs.

■ Activated carbon fibre

A naturally effective filter that's been proven over decades, activated carbon can remove impurities such as chlorine, pesticides and hormones; it also removes unpleasant tastes and odours.

■ Water flow

Having passed through the different layers, you can be sure that the water flowing into your glass is completely free of contaminants.

Just what makes the Vital system such a big deal? **It's the small but mighty capsule filter.**

This unique design is not only the smallest in the world, but also the first to combine activated carbon with a high-tech membrane capable of filtering and purifying water. Adapting to your usage needs and lifestyle, it's available in two variants - **High Flow** and **High Performance**.

- Enjoy pure, great tasting water directly from the tap
- Compact design doesn't take up valuable cupboard space
- Removes contaminants while retaining vital minerals
- LED light indicates when the filter needs to be replaced
- Filter is quick and simple to replace

Two filters for all conditions

Tailored to suit the water quality wherever you live, the Vital Filter system is available with two different filter types - the High Performance filter or the High Flow version.

Atlas Neo Sensor

No hassle, no germs, no hands!

See Atlas Neo Sensor on YouTube - youtube.com/ukfranke

For more information
scan here.

It can be easy to get your hands dirty while preparing food, but thanks to our Atlas Neo Sensor you won't need to put them on your tap anymore, allowing for better hygiene for you and your family and fewer stains on your equipment. Furthermore, this contemporary and high-tech tap saves water and energy too, automatically stopping the water flow after 30 seconds. And if you're wondering if our incredible Atlas Neo Sensor matches your kitchen's style, rest assured knowing it's available in the most classic chrome and in the ultra-modern industrial black.

Nothing more than a gesture

Position your hand close to the tap sensor, without the need of pushing any button or pulling any lever and enjoy 30 seconds of a perfect water flow.

Preserve the environment and your wallet

Put a pan under the tap, activate it and forget about it, the water flow will stop in half a minute, saving water and energy.

Just as you like

Set the ideal temperature for when you activate the tap and if you want hotter or colder water just adjust it with the lever.

Safe and sound

The kitchen is one of the most used environments of the entire home and you can never be too cautious when it comes to hygiene: never put unwashed or dirty hands on your tap again.

Uncompromised style

Why settle on your style? Match your kitchen's mood with the ultra-modern industrial black or the classic chrome.

Notice the difference, not the volume

Quick and easy to install, our Atlas Neo Sensor's compact, battery-powered control box takes up very little space under the sink.

Tessuto

Tessuto combines superb functionality and chic industrial styling thanks to the knurled metal detail on the body, suitable for high pressure systems.

Active Semi-Pro Tap

Stylishly sustainable

ECO Cartridge A uses up to 50% less water

The ultimate goal of our taps is to offer the best of both worlds: design and sustainability. Beautiful design options available in a range of contemporary finishes; crystal clear, anti-splash water stream thanks to a Laminar Aerator; spray jet function for precise cleaning and an Eco cartridge, able to limit the flow and temperature of the water for preserving the environment.

MYTHOS
Active Semi-Pro
From £526

Spray Jet Function

Delivering a more powerful stream, the spray jet function makes it easier to rinse fruit and vegetables and reach every part of the sink, making it easier to clean.

Active Twist

The Active Twist not only fills the sink but empties it as well. An innovative special feature links the tap and sink with a twist dial. When turned, it operates the waste outlet, so the water drains away, easily, safely and hygienically.

See the complete Active Tap Range online.

Laminar Aerator

The laminar aerator fitted in the spout ensures the Active Twist delivers a crystal clear, non splashing water stream, with very little noise.

Easy Clean Design

The Active Twist's fluid, curved design and rounded edges make it easier to clean.

Brilliant Brass

Create an industrial look or a muted vintage kitchen theme by adding a stunning brass tap to your kitchen. Introducing the Bridge Lever, Eiger and Cotswold taps now in an elegant brass finish.

Storage box

Hob Extractor

Twice the advantage.

The best of both worlds with a range of powerful extractors beautifully merged into advanced induction hobs. This clever 2-in-1 solution guarantees maximum functionality and total design freedom.

Plus, it's best-in-class for cleaning: the surface is easy to wipe and the grease filter can be cleaned in the dishwasher. The integral water collector catches up to 200cc of spilled liquid,, while the iron grid of the hood is heat- and scratch-resistant. Also, the flush-mounted cover grid makes it easy to move pots from one cooking zone to another without the need of lifting heavy, hot pots and pan.

MYTHOS

Mythos 2gether Glass
£2950

Mythos 2gether Glass and Mythos 2gether

Absolute elegance and top-notch functionality.

The black glass surface, united with the design of the grid makes the Mythos 2gether the perfect solution for beautiful, minimalist and high-end kitchens. But this Hob Extractor is far from being solely beautiful: it's A+++ energy classified, yet the suction power is astounding, with a speed of 680 m3/h and a booster function. It features 4 induction zones of which 2 flexible zones for large pans, 9 levels of heat plus the booster function and timers for all zones. But all this efficiency comes at a mere 72dB at its most intensive setting. Easy to use, to clean and to love. This is our Mythos 2gether.

MYTHOS

Mythos 2gether
£2719

Maris 2gether

Capable, durable and beautiful.

The Maris 2gether can extract up to 700 m3/hr of air from around your pots and pans located in the hob's four cooking zones. It simply turns the steam upside down and makes it disappear underneath the hob. Its 4 induction zones, 2 of which are flexible for large pans, direct touch control with one slider, 9 levels of heat, booster function and timers for all zones, make cooking extremely easy and satisfying. And the environment will be happy too, as our Maris 2gether is A++ energy rated.

MARIS

Maris 2gether
£2258

SMART

Smart 2gether
£1650

Smart 2gether

Smaller, functional and smart.

The modern and pleasant design, at only 70cm, makes the Smart 2gether able to fit into a standard 60cm cabinet cut-out and leaves more space in the work area for your recipes. But its smaller size doesn't make it any less functional: it features 4 induction zones and 1 flexible zone for large pans, it's easy to control thanks to the direct touch control with one slider and great for any preparation thanks to its 9 heat levels and booster function. The Smart 2gether smartness also shows in its energy efficiency, as it is A++ energy rated and it's quietness, thanks to a reduced noise level.

Mythos Air Hub

An extractor hood and air purifier system all in one. When you think of clean air in your kitchen you usually think of cooking odours, which our Air Hub range removes quickly and effectively, but you rarely think of other polluting elements. Thanks to two separated air streams and two dedicated UV-C lights, the Air Hub hoods remove 99.99% of viruses and bacteria from your kitchen, leaving the air nice to smell and safe to breath.

With our Air Hubs, clean air is served.

Energy efficient and powerful

Thanks to their energy efficiency, our hoods have an eye for the environment, but they do not give up on efficiency, thanks their powerful blowers.

No ozone production

As confirmed by the University of Siena's laboratories*, our Air Hub removes up to 99.99% of viruses and bacteria thanks to UV-C lighting, with no ozone production and in total safety.

Air purification function

MANUAL

Start the purifying of the air. You can switch off manually, or it will automatically switch off after 24 hours

INTENSIVE

Maximum speed of purifying in the shortest possible time. Switches off automatically.

NIGHT

Long cycle for complete purification with the minimum level of noise. Automatically switches on each night.

AQ Sense Range

The hood every home deserves.

Keep clean the air you breathe

The entire range of our AQ SENSE hoods feature an air quality sensor to constantly monitor VOCs (volatile organic compounds), air temperature and humidity and are designed to activate automatically when unsafe levels are detected. Furthermore, through the Franke Cloud app, you can receive real-time and constant information on the quality of the air in your kitchen. The same app also allows you to control the hood's functions via any mobile phone or tablet: turn on and off, adjust the suction speed or adapt the light settings to create a perfect environment.

Air quality sensor

Constantly monitors VOCs (volatile organic compounds), air temperature and humidity

A hood with a view*

Enjoy a 21.5" display and browse the web.

Auto function

Save energy: the suction speed will automatically start at the right level for what you are cooking and it will work until the air quality reaches a satisfactory level.

Multiple timer*

Keep track of time! And manage more than one timer at a time.

Voice control** compatible

Control your hood with just your voice! Perfect for when your hands are busy preparing and cooking your favorite dishes.

Your photos*

Enjoy your family moments on the wide screen and personalize your hood's background.

Touch Display*

In addition to keeping you constantly informed on air quality, it also allows you to easily control the hood, having its numerous features at your fingertips.

Built-in browser*

Browse the web to find the best recipes, listen to your favourite music, check on the weather or the news and get access to a world of online content

Dimmerable light*

Adjust the intensity of the light to create the perfect ambience.

Camera*

Link your Wi-Fi camera and keep everything under control.

* Exclusive feature to AQ Range FKAS A80 BK **Voice control devices not included

Wall Hoods

Get to know the all-new angles of performance with Vertical Pro hoods.

Our Maris and Mythos families welcome an even more premium range. Meet the new Vertical Pro high-performance hood range featuring more power, wider shapes, and better cleaning solutions. Thanks to the Sound-Pro blower, a new, one-of-a-kind filter and wider dimensions it is now quick and easy to access the inner parts of the hood. The new design of the hood's body allows a more powerful suction of cooking fumes, an easier cleaning and a brighter cooking area. Discover the Vertical Pro features:

- Great sturdiness
- The hood's structure integrates perfectly with your kitchen's splashback
- Better illumination on the hob
- Easier access for cleaning and maintenance
- Larger filter size for a more powerful vapour suction

Mythos Pro and Pro Perimetral

The exclusive premium range of our Mythos segment, available in the 90 cm size, now proudly offers LED bars able to brighten the whole induction hob; the Tunable White with dimmer function; the double intensive-aspiration producing a mere 56 DB at maximum speed, and the high-performance filter is included. Will you choose to go for the best-in-class A+++ Energy Rated **Mythos Perimetral Pro** or the stylish **Mythos Pro**, available in its exclusive matt black and stainless steel stripes?

Ceiling

Hoods that give a clear unobstructed view and keep the air clean without taking up space which creates an open feel to a kitchen

Control with the Franke@Home App 

Mythos Full Light

Our Mythos Full Light is all you will need to see your kitchen under a new light. Its full light panel can immerse your entire environment into 5 different brightening hues, selectable with the complimentary remote control or via any of your smart devices and the Franke@Home app.

With a slim stainless-steel frame, the hood lets air flow freely in the environment but is also ready to make you forget any cooking odour within just a few moments, thanks to the functionality of the perimetral aspiration.

Premium quality

High-end premium stainless-steel and elegant white glass give a high-end look to this ceiling hood and to your kitchen.

Seamless & integrated

You won't notice the beautifully integrated hood on your ceiling, except when you need to extract cooking odours or if you want more light in the room.

Create your environment

The full light panel is tunable to 5 shades of white thanks to the Tunable White function, to make your kitchen match any mood and moment.

At your service

Control your hood with the Franke@Home App or with the included remote control.

Service and support - we're here to help.

At Franke, we design and manufacture all our products to work exceptionally well and last for many, many years to come.

And to help keep it that way, our expert team are always on hand to service and repair your boiling water taps, waste disposal units and cooker hoods, both in or out of warranty.

Offering UK-wide coverage, our technicians can visit any location at your convenience; doing whatever is needed to get things up and running again as soon as they can.

What's more, our Manchester-based consumer care team can provide further After Care service, with spare parts available from our Central Services website.

Guaranteed peace of mind

We're so confident in the quality of our products, that every Franke sink is guaranteed for 50 years, while our waste disposal units are covered for 10 years – more than any other brand.

In addition, all our sinks are fully compliant with BS EN13310 and all our manufacturing processes are ISO9001 certified.

Franke taps are guaranteed for 1 year on the finish (5 years for Stainless Steel taps) and 5 years on valve mechanisms and working parts. The guarantee on filtered and instant boiling water taps is shown on the relevant page.

Franke Appliances & Hoods are guaranteed for 2 years. The guarantee covers the cost of parts and labour in the event of a breakdown, caused by mechanical or electrical failure of the appliance.

For details on our warranties visit
www.franke.com

For spare parts call **01782 599 258**
or visit central-servicesuk.co.uk
